Lane and family, of near Bethel; Mrs. Moore, who goes to Houston. These are good people and a valuable acquisition to the citizenship of the Lone Star State.

GONE TO FLORIDA—It will interest the many friends here of Rolla Greene to learn that he has removed all of his family except his wife and one of his sons, to a place where he has purchased a \$15,000 stock of goods and engaged in the merchandise business. He has been one of the heads of department in the great Charles Broadway Rouse Co.'s store in New York City for several years and remains on the best terms with that company. His son George has a position in New York City, is hoped by Rolla's friends here that he will prosper to his fullest expectations.

WANT A NIGHT OPERATOR AT PRESTON.—When the C. & O. railway began its policy of economy to meet the hard times last year it dispensed with a night operator at Preston and the traveling men since have been very much inconvenienced. The east-bound express can be stopped only by flagging if there is not, always a station agent on board to get off there, and besides the waiting room is closed and travelers must stay out in the cold. It is understood that the company has reinstated night operators at other points, and surely Preston is important enough to justify a night agent again.

ENTERTAINMENT.—Everybody, come and hear "The Village Singers" Saturday night, Dec. 12, at the City School Chapel.

This is the first of our series of lectures. The Committee have secured some of the best talent in America. We know Owensville people are wide awake in educational affairs, and will not allow the committee to stand a loss on an up-to-date educational and refined lecture course. "The Village Singers" come highly recommended, and we are sure you will not be disappointed. Get you a season ticket.

JOHNSON-ESTILL.—Owen Johnson, son of Geo. P. Johnson, of near Sharpsburg, and Miss Estill, daughter of Thos. J. Estill, of near Colfax, Fleming county, eloped to London, Ohio, the past week and were united in marriage at the residence of D. S. Martin by Rev. W. L. Reid, who is an attractive and popular school teacher and a niece of D. S. Estill, of this town. Mr. Johnson is a young farmer of character and high standing in his community. They are heartily congratulated by many friends.

WE STAND CORRECTED.—Dr. H. M. Morgan, of Sherburne, writes that the statement published in THE OUTLOOK that his brother Harry Morgan was placed in the Flemingsburg jail was untrue; that his brother was not under \$200 instead of \$500 bond at his examining trial.

CHRISTMAS STAMP OF THE RED CROSS.—In 1904 in Denmark the government issued a Christmas stamp, with the King's head and the word "Jul," the same as our "Yule," on it. It was sold for postage, only as a "sticker" for Christmas letters, post-cards and packages. The proceeds from it were to go toward the building of a tuberculosis hospital for little children. It succeeded beyond all expectation; four million stamps sold at an acre, or half-a-cent apiece. Denmark has continued it since to maintain tuberculosis work, and the sale of the stamp is land of Hans Christian Andersen has doubled each year.

America needs such a stamp, but her postoffice officials cannot issue or handle it under the present postal laws; and a special act of Congress would be necessary.

Jacob Reis, himself a Dane, wrote an eloquent article published in the Outlook of July 6, 1907, urging government action in the matter, but there were too many difficulties in the way. It seemed hopeless to try, but at this juncture the great Village Singers, just as the government does, the proceeds in each State go toward tuberculosis work in that State.

During the run of the stamp last year Jacob Reis wrote a congratulatory letter to the Delaware Red Cross, and Governor Stuart of Pennsylvania, Secretary Root, and Secretary Taft all telegraphed their approval and good wishes. This year the stamp goes forward to a wider usefulness. Its value is twofold. It educates and arouses. It gives each a chance to contribute, if only a penny, to the war against the White Plague, and provides a fund for needed work.

If little Delaware made it, succeed any other State, north or south, can do so. The National Red Cross brings this Christmas Stamp to the whole nation this year. If each American man, woman and child buys but one, sixty-five millions will be sold, and tuberculosis work from Maine to California will be performed and urged forward. When Denmark has succeeded, can America fail?

E. L. & A. T. Byrns, of Owensville, will handle the Christmas Stamp.

REUBEN COPHER'S DEATH.—Reuben Copher, aged about 80 years, died at his home in the Ore Mines neighborhood Wednesday, Dec. 2, of pneumonia, from which he had been confined to his home for two years.

Deceased was a son of "General" Jacob Copher and a brother of Mrs. Mary Copher, widow of Howard T. Copher, of Olinville, of Pendleton county; John P. Copher, of (Dunk) and Jas. Copher, of (Dunk) and Middle State bridge.

Reuben Copher was reared near Old State Furnace. He married Miss Mary Copher, daughter of Samuel McQuitty, and lived at various places in the eastern part of the county. He was a soldier in Capt. James Ewing's company in the Mexican war and in the Seventh Ky. Cavalry, U. S. A., in the Civil war. He drew a pension for his services in the army.

He was a very quiet, civil and unassuming man, but one of good intelligence and life-long industry. He and his wife reared a large family: Samuel, deceased; Mrs. C. C. Copher, of Salt Lick; James, deceased; Robert, Reuben and John, of Ore Mines; Mrs. Grizzell Spencer, of Clear Creek; Mrs. Thos. Young, of Yule; Christopher, of West Virginia, and Mary, deceased. Mrs. Copher survives.

J. M. BROWN DEAD.—James M. Brown, aged 65 years, proprietor of the Brown House, and a prominent citizen, died at Sharpsburg Monday of consumption. He was long a dry goods merchant and was a Union veteran of the Civil war. He is survived by his wife and four children: George, of La Grange, Paul R. Mary and Elizabeth, at home.

LICENSED TO WED.—T. W. Vossburg, a woman at the Salt Lick street fair, and Miss Fannie Hall, daughter of Mrs. Caroline Hall, of Salt Lick, got a license to wed at the home of John Honaker, son of Pete Honaker, of Salt Lick, and Miss Mary Hunt were licensed to wed Sunday.

Have You Tried the Pocket?

With more than thirty years' experience, and with one-fourth the expense of other houses in this line, I can and will sell you goods at less price than any store in this or any neighboring town. Everything as represented at

GILLON'S (in the Pocket), Owensville, Ky.

mail will carry it. Each one who uses a holiday stamp will help to "stamp out the White Plague."

It has been printed this year for the million to supply the demand, so any quantity can be ordered, but cash must be sent with each order, this rule having been followed last year with success.

Nobody makes any profit on the Christmas Stamp, but it was found last Christmas that every one was glad to help it along on these terms. For an order of one stamp or a thousand the price is the same, except in the latter case, which add the cost of the binding, just as the government does. The proceeds in each State go toward tuberculosis work in that State.

IT SPOILS THE FISHER.—Riding across the county one day Dr. Blank noticed an old negro who had been quite a while perched motionless upon a little bridge fishing silently in the stream beneath. For some time he watched him from a distance, but finally, overcome by the old fellow's patience, he rode up and accosted him.

"I dole, Wash! What are you doing there?"

"Fishing, sah," came the reply. "Not getting many, are you?"

"No, sah," the old fellow answered. "Well, it seems to me you'd get tired fishing so long without a bite."

"I don't want no bite, cap'n."

"Well, that's funny; why don't you want a bite, Wash?"

"Hit's this-a-way, cap'n; when I gets a lot of bites, hit takes all me time to get the fish off 'n me line, an I don't have no time for fishin'!"—Success.

HE KNOWS WHAT TO STOP.—"So you have asked her three times to marry you, eh?"

"Yes, and got turned down cold each time."

"Not much. I know when I've got enough. I'm no Bryan."

No man has ever acknowledged that he was the victim of woman's leopards' privilege, and no woman ever cared to boast of her success in that line.

THURSDAY, DEC. 10, 1908.

CONGRESS met in regular session Monday and the country will be saved some more.

UNCLE JO CANNON has tamed down sufficiently to eat out of a tariff-room hand, but there are doubts that it will continue after he is re-elected Speaker.

PRESIDENT ROOSEVELT has put under Civil Service rules all the fourth-class postmasters east of the Mississippi river and north of the Ohio and Mason & Dixon's line, which is hard on the Congressmen.

GEN. SIDON has pulled off a successful revolution in the republic of Haiti and probably will make himself President. Our colored friends enjoy a revolution just the same as white folks.

A SQUADRON of Dutch warships is parading along the coast of Venezuela as if to dare the countrymen of the fiery Castro to come on with their firework. Meanwhile Castro is in Europe and is said to have \$60,000,000 on deposit there. There is a belief that he will not come back.

CHAMP CLARK, of Missouri, a Kentucky by birth, has been chosen to lead the Democratic forces in the national House of Representatives, succeeding John Sharp Williams, of St. Louis, who was elected from Mississippi. It is barely possible that Clark will grow to Presidential stature.

PRESIDENT ROOSEVELT has formally chosen a member of his in his Annals Club Editor Laffan, of the New York Sun, and Editor Smith, of the Indianapolis News. Laffan came back with his characteristic polished vituperation. Such jawing matches are not only discreditable to all parties engaged in them, but are morally harmful in a high degree.

THE SUFFRAGETTES of London, England, are a national scandal. At a meeting at which the Chancellor of the Exchequer was announcing the government's intentions in regard to woman's suffrage the suffragettes, chained to seats and some in the garb they recently wore in prison, started a rough house, lashing the police with whips. It took 350 policemen to quell the mob.

FOOTBALL'S THE THING.—The ribbon girls at all the counties are so busy making up football colors into rosettes and streamers they have hardly time to sell ordinary colors like black and white, gray or brown.

PECULIARITY OF MISTLETOE.—An interesting item regarding mistletoe is that it is the only plant whose roots refuse to shoot in the ground, a peculiarity possessed by no other parasite. It is found on the fir, the lime, and the apple tree, as well as on the oak.

HIS OPENERS.—"Brothers and sisters," began the old parson, "I shall not choose any particular text this morning, but shall preach from where I upon the look, and, no matter where, I shall find the words that is to come upon the vehicle, we be out on when they have shuffled off this mortal coil. It is now open, and."

Here the parson was interrupted by a deacon who had taken asleap, and, hearing the word "open, cut and shuffle," forgot himself, and cried out: "It's open. What do you open on?"

The surprise of the good man in the pulpit was great, but the deacon cracked when the reply came: "It is open on Kings."

STRONG WATER.—Mr. Edison was once asked to send a photographic cylinder to a friend. He sent this note with it:

"You ask me to send a photographic cylinder and to say a few words to the audience. I do not think the audience would take any interest in dry scientific subjects, but perhaps they might be interested in a little story that a man sent me in a photographic cylinder the other day from San Francisco."

In the year 1879 a man from Missouri came to California with a chronic liver complaint. He searched all over the coast for mineral springs to cure the disease, but he failed. At last he found, in the San Joaquin Valley, a spring the waters of which almost instantly cured him. He therefore started a sanitarium, and people all over the world came and were quickly cured. Last year this same man, with a new force, began the action of the water that, before they could bury him, they had to take his liver out and kill it with a club.

CLEVELAND'S WAY.—Among the anecdotes illustrative of Mr. Cleveland's refusal to give any sort of pledges is that which describes an incident in the campaign of 1892, and is printed in the New York Evening Post. A literary friend of Mr. Cleveland brought together, as if by chance, the Democratic nominee and a prominent Irish-American newspaper editor who was supposed to have much influence with the converted Irish vote.

"Break that, boys, and I'll put your names in the paper," "Ugh!" responded one, after a pause, "I don't know what to say, but, by no means, we do not."—Duluth News-Tribune.

"What floor do you live on? Is this it?" he asked.

"Rather than face an irate wife who might, perhaps, take him for a companion more at fault than her spouse, he opened the first door he came to and pushed the limp figure in."

The good Samaritan groped his way downstairs again. As he was about to enter the next door he made out the dim outlines of another man, apparently in worse condition than the first one.

"What floor do you live on?" he asked.

"Yes," was the feeble reply.

"Do you live in this house?"

"Yes."

"Shall I help you upstairs?"

"Yes."

The good Samaritan pushed, pulled and carried him to the second floor, where this man also said he lived. He opened the door and pushed him in.

As he again reached the front door he discerned the shadow of a third man, evidently worse off than either of the others.

He was about to proceed when the object of his solicitude lurched into the room and threw himself into the arms of a passing policeman.

"For Heaven's sake, off, off," he gasped, "protect me from him. He has done nothing all night long but carry me upstairs and throw me down the elevator shaft."
